EXECUTIVE PRICING SUMMARY

DRS Training & Control Systems, Inc. (DRS TCS) is pleased to provide the 2022 Catalog for our Advanced Data Acquisition and Control System (ADACS) and Arc Fault Detection (AFD) system equipment. To better serve our customers, we have incorporated standard lead times for each part number type to assist with forward scheduling and funding allocation. To aid in the schedule planning for large orders, the lead-time information has been expanded to provide customers the initial lead-time (and quantity that can be committed) along with the quantity that can be fulfilled over time. The catalog includes expanded range pricing providing more flexibility to accommodate quantity variance requirements while affording the customer an economy of scale benefit closer to the actual demand or need.

DRS TCS sincerely appreciates the platform Original Equipment Manufacturers (OEM), Primes, and commercial companies and agencies who selected our ADACS and AFD system to protect against catastrophic arcing events. The DRS TCS team is committed to promoting new opportunities through high performance execution and unwavering commitment to our customers.

To expedite your request we encourage you to email specific request for quotes to RFQ@drs.com and the award of orders/contract to TCS.ContractAwards@drs.com.

Please feel free to contact our team with any questions, concerns, or suggestions on how we can better serve your needs: Amberly Kies, DRS TCS (Program Manager, ADACS Product Line): Amberly.Kies@drs.com.

DRS agrees to use commercially reasonable efforts to deliver Products in accordance with the mutually agreed upon delivery schedule identified in the Order. Buyer agrees to provide evidence of completion of payment arrangements satisfactory to DRS (e.g., notice from a U.S. bank acceptable to DRS of confirmation of the Buyer's irrevocable Letter of Credit) at the time of issuance of the Order. If delivery is prevented, for a period of thirty days or more by reason of the Buyer's failure to act, DRS may deliver such Products by placing the same in storage in DRS's warehouse, or in a public warehouse. In such event, delivery shall be complete, and title to such Products and the risk of loss thereof, shall pass to the Buyer when the same are placed in storage; all storage charges (including reasonable storage charges imposed by DRS, if storage is in DRS' warehouse) and all expenses, if any, incurred by DRS in connection therewith shall be for the account of the Buyer. Buyer agrees to waive its right to reject any Products placed by DRS into storage under the circumstances described above.

6 Force Majeure DRS shall be excused from and shall not be liable to the Buyer for any failure to perform or delay in performing this Order by reason of causes beyond its control and not occasioned by its fault or negligence "Force Majeure" (excusable delay), including but not being limited to acts of God or the public enemy; civil wars, insurrections or riots, fires, floods, explosions, earthquakes or other catastrophes or serious accidents; epidemics, plagues or quarantine restrictions; any action or inaction of government, governmental authorities acting in either an executive or sovereign capacity, and allocation regulations, foreign exchange control regulations, or import and export regulations affecting materials or facilities due to any of the foregoing causes. Force Majeure causes shall not affect the rights or obligations of the parties under this Agreement unless the cause for the delay by its nature affects an Order placed pursuant to this Agreement. Upon the occurrence of a Force Majeure event, DRS will notify the Buyer of the delay and the cause. DRS shall not be liable to Buyer or its customers for damages as a result of Force Majeure. The Buyer agrees to provide DRS with an equitable adjustment commensurate with the impact of the Force Majeure. Specifically, DRS shall have the option to (a) obtain a schedule adjustment, (b) obtain a schedule and price adjustment as mutually agreed in writing by both Buyer and DRS, or (c) terminate the Order, depending upon the nature and duration of the delay.

7 Warranty DRS warrants that the Products furnished hereunder shall be free from defects in material and workmanship under normal use and service, when properly installed, maintained and used for the purposes for which it is designed, for a period of one year after the date of delivery, provided, that notice of any such alleged defect is given to DRS within thirty (30) days after the discovery thereof, and provided, that inspection by DRS confirms the existence thereof to DRS' reasonable satisfaction. This warranty does not cover damage due to external causes, including accident, abuse, misuse, neglect, improper storage, problems with electrical power, or any services not performed by DRS or its authorized representatives. DRS' exclusive liability and Buyer's exclusive remedy under this warranty is limited to the replacement EXW at DRS' factory or warehouse. At DRS' request, any Products alleged to be defective shall be returned to DRS for inspection, properly packed and all expenses prepaid, but no Products shall be returned to DRS by the Buyer prior to written authorization by DRS. EXCEPT AS SPECIFICALLY STATED IN THIS SECTION 7, DRS DISCLAIMS ALL WARRANTIES WITH RESPECT TO THE PRODUCTS, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING, COURSE OF PERFORMANCE, OR TRADE USAGE.

8 Limitation of Liability DRS does not accept liability beyond the remedies set forth herein, including but not limited to any liability for Product not being available for use, lost profits, loss of business or for lost or corrupted data or software, or the provision of services and support. In no event shall DRS be liable to Buyer or its customers for any consequential, special, indirect, incidental, or punitive damages, even in advised of the possibility of such damages, or for any claim by a third party. Buyer agrees that for any liability related to the Products, DRS shall not be liable or responsible for any amount of damages above the amount paid for the applicable Product. Notwithstanding anything in this Agreement to the contrary, the remedies set forth in this Agreement shall apply even if such remedies fail their essential purpose.

9 Software DRS may distribute software, including third party software, with the Products. All software distributed with the Products is subject to the license agreement shipped with the software. Buyer agrees that it is bound by, and will abide by, all software licensing agreements if and when: (a) for preloaded software, the Products are first used; or (b) for software delivered with the Products, the software packaging is opened or the seal on the software package is broken. Any warranty provided on software is provided by the licensor and may vary.

10 Cancellation of Order No Order may be cancelled, rescheduled or reconfigured by the Buyer without prior written authorization by DRS and, in such event, Buyer will be liable to DRS for any additional costs and expenses incurred by DRS.

11 Governing Law and Regulations The applicable laws governing this Agreement and any Order issued hereunder shall be in accordance with the laws of the State of New York, excluding its conflict of laws principles, and United States federal laws in accordance with any required U.S. regulations concerning the export of products, but specifically excluding the provisions of the U.N. Convention for the International Sale of Goods.

12 Dispute Resolution All disputes and claims relating to this Agreement, the rights and obligations of the Parties under this Agreement, and/or any claims or causes of action relating to the performance of either Party, shall first be referred for resolution to the respective Party's executive management. If such persons cannot resolve such matter within thirty (30) calendar days of commencing good faith negotiations, then the Parties may agree to jointly participate in alternate dispute resolution or either Party may file suit in a court of competent jurisdiction.

13 Product Returns Returns of any type must be approved by Seller in writing and all return documentation must contain Seller's Return Material Authorization ("RMA") identification number. Returned shipments not approved by Seller or not properly identified will be refused by Seller. The request for return must include the serial number and full identification of the Products to be returned and a detailed description as to the nature of defect or problem. Proper handling procedures must be used in the packing and shipping of all returned Products. Products must be returned in the same or equivalent container in which they were shipped with the RMA Number clearly visible on the package. Buyer retains title to Products returned for repair.

14 Export Compliance The Buyer shall not, directly or indirectly, export, re-export, transfer, furnish, or transship Products in violation of any applicable export control laws and regulations of any country having jurisdiction over the Products or the parties to this Agreement ("Export Laws"), including without limitation, the U.S. Export Administration Regulations, the Enhanced Proliferation Control Initiative (EPCI) Regulations, the Foreign Asset Control Regulations and any economic sanctions imposed by the United States Government upon any foreign country. Buyer represents and warrants that the Products will not be destined for a prohibited chemical, biological or nuclear weapons or missile use. Buyer agrees, at Buyer's own expense, to comply with all applicable Export Laws and will indemnify, defend and hold DRS harmless from any claim against DRS due to Buyer's violation or alleged violation of any Export Laws. Should the United States Government fail to approve an export license required for the Product or subsequently cancel such license, the parties shall meet to examine the practicality of a solution to meet the original intent of the transaction.

15 Trademarks; Trade Names Buyer agrees that it will not use in any way DRS's trademarks and trade names, and it will not publish, or cause to be published any statement, or encourage or approve any advertising or practice, which may be detrimental to the good name, trademarks, goodwill or reputation of DRS or the Products.

16 Intellectual Property Buyer agrees that it has no entitlement to any DRS intellectual property relating to the Products. Except for cases of DRS' intentional misconduct, DRS shall not be liable to Buyer or its customers for any losses, costs, damages or expenses incurred by Buyer or any other party as a result of any infringement or alleged infringement relating to the Products.

17 Survival The rights and obligations of the parties under the payment, warranty, limitation of liability, governing law, dispute resolution, and intellectual property provisions of this Agreement shall survive completion or any earlier termination of an Order.

18 Waiver, Remedies, and Severability The failure or delay of either party to insist on performance of any provision of this Agreement, or to exercise any right or remedy available under this Agreement, shall not be construed as a waiver of that provision, right, or remedy in any later instance. Further, if any provision of this Agreement is or becomes void or unenforceable by operation of law, the remaining provisions shall be valid and enforceable. Unless otherwise expressly stated in this Agreement, the rights and remedies of both parties hereunder shall be in addition to their rights and remedies at law or in equity; provided, however, that in no event shall Seller be liable to Buyer or its customers for any anticipatory profits or for any special (including multiple or punitive), indirect, incidental, or consequential damages howsoever arising.
