

We Are So Much More Than Fifty

Our 50-year history is defined by amazing people and technology. By helping the Navy say, "I'll fast and quiet, making the Army and Marine Corps more lethal, connected and protected, and preparing the Air Force to confront a range of threats, our people from one generation to the next have given American warfighters a critical technology edge. Over the last half century, our patriots have created a distinct technology edge for troops in the U.S. and around the world."

1969 EARLY YEARS
Diagnostic / Retrieval Systems was founded
1st to deliver passive sonar technology to the **U.S. Navy**
In **1981** DRS goes Public
Changes name to **DRS Technologies**

GROWTH THROUGH AQUISITIONS
By 2002 DRS had reached its goal of **\$500M** in annual sales
24 acquisitions 1994 - 2004
1,700 engineers & support personnel driving innovation

STREAMLINED & FOCUSED
Finmeccanica acquires DRS Technologies in **2008**
DRS Technologies is formally renamed **Leonardo DRS**

Today, in its 50th year of business, Leonardo DRS is stronger than ever. A global leader across a diverse array of technology critical to the defense of America and its allies. A company with a new vision: to become the very best mid-tier defense electronics company in history.

TODAY
Providing **24 x 7 x 365** SATCOM services anywhere in the world
5,000+ air combat training systems delivered to the U.S. Air Force & Navy
